

MUHC MEDICAL GRAND ROUNDS

Mark McCarthy, MD

Robert Turner Professor of Diabetic Medicine
Oxford Centre for Diabetes, Endocrinology and Metabolism
University of Oxford, England

27th Annual McGill Novo-Nordisk Lifescan Lecture in Diabetes

Sweet Dreams? Explaining the Genetic Basis of Diabetes and Obesity

Sponsored by Novo Nordisk Lifescan

**Tuesday, March 30, 2010 – ROYAL VICTORIA HOSPITAL
JSL Browne Amphitheatre M3.01 – 12:00 NOON**

David Eidelman, M.D.
Physician-in-Chief

Tiina Podymow, M.D.
Chair, Continuing Medical Education

LEARNING OBJECTIVES:

- 1) Information on the current status of efforts to map genetic variants influencing risk of type 2 diabetes and related conditions.
- 2) Update on the biological insights that have resulted.
- 3) The opportunities afforded by next-generation sequencing.

This presentation will be held at the Royal Victoria Hospital, JSL Browne Amphitheatre M3.01 *and video-conferenced to* the Montreal General Hospital, Osler Amphitheatre A6.105, Tuesday, March 30, 2010 at 12:00 noon.

The Medical Grand Rounds are an accredited group learning activity as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

All are welcome and urged to arrive by Noon. Latecomers are a disruption to the speaker and audience alike.
